Welcome to Your Benefits Guide

At AECOM, we care deeply about what matters most — you, your family, and the life you’re building both inside and outside of work. As part of our commitment to you, we are proud to offer a comprehensive benefits program designed to support your health, wellbeing, and future.

This Benefits Guide is your resource to understanding the wide range of programs and services available to support your wellbeing. Wellbeing is personal, and no two journeys look the same. We’ve shaped our benefits offerings and programs around four pillars that we believe are essential: supporting your physical health, strengthening your financial confidence, caring for your emotional wellbeing, and fostering your career growth. Each of these areas connects back to one simple idea: your wellbeing is our shared priority.

We encourage you to explore the options available and make the choices that best suit you and your family. As you review this guide, please don’t hesitate to reach out with any questions. Visit benefits.aecom.com, your one-stop-shop for ALL things benefits, or contact the [AECOM Benefits Service Center](#).

With the right support, we believe you can find more balance, take on opportunities with clarity, and continue to grow with intention.

Benefits Open Enrollment

Benefits Open Enrollment is October 20 – November 7.

How to Enroll

Go to myaecombenefits.com or use the Aight Mobile app. Log in and select the enrollment tile to get started. Be sure to click the “Confirm” button at the bottom of the enrollment page to submit your elections.

Your needs may have changed since last year — consider your planned medical and prescription needs when you review your plan options. Use the Medical Expense Estimator tool (during your medical plan election, click the “Help Me Choose” button) to help you select the right medical plan for you and your family.

Once you’ve selected your benefits, they will remain in effect for a full year. After November 7, you cannot change your selections until the following Benefits Open Enrollment, unless you experience a qualifying life event (see page 4 for more details).

¹**Hawaii:** You must complete a Hawaii medical coverage waiver form (HC-5) if you decline medical coverage. If you do not complete the HC-5 form, you will be enrolled in medical coverage under the Kaiser Permanente Hawaii plan until the AECOM Benefits Service Center receives the form.

²Not available in **Puerto Rico.**

After Benefits Open Enrollment, you can only **update your benefits** within 31 days of a qualifying life event, such as marriage or birth/adoption.

Adding a new dependent? You must **provide documentation** verifying your dependent is eligible for coverage.

Were you recently hired? If you were hired after October 20, you must elect benefits twice — once for the remainder of 2025 and again for 2026.

Eligibility

Regular Full-Time and Part-Time Employees

If you are classified as a regular full-time or regular part-time employee scheduled to work for at least 20 hours per week, you are eligible for AECOM benefits, including medical, dental, vision, life, AD&D and disability benefits, Employee Assistance Program (EAP), the Retirement & Savings Plan (RSP) - 401(k), business travel benefits, time off programs, leaves of absence and voluntary benefits.

Casual, Part-Time Variable and Temporary Employees

If you are classified as a casual (part-time variable) or temporary employee, you are eligible for medical benefits, local government mandated sick leave, the Employee Assistance Program (EAP), the Retirement & Savings Plan (RSP) – 401(k) and business travel benefits. You are not eligible for dental, vision, life, AD&D, disability or voluntary benefits.

Eligible Family Members

You can enroll yourself and your eligible dependents in medical, dental and/or vision benefits. You'll be required to provide proof of eligibility for any new dependent you want to add to your coverage. You'll receive information about eligibility and documentation requirements after you enroll. Eligible dependents include you:

- Spouse or domestic partner
- Child(ren) up to age 26 regardless of marital or student status
- Unmarried child(ren) of any age who are incapable of supporting themselves due to a mental or physical disability and who are totally dependent on you. This eligibility is dependent upon carrier decisions and qualifications.

To qualify for domestic partner coverage, you and your partner must meet specific criteria.

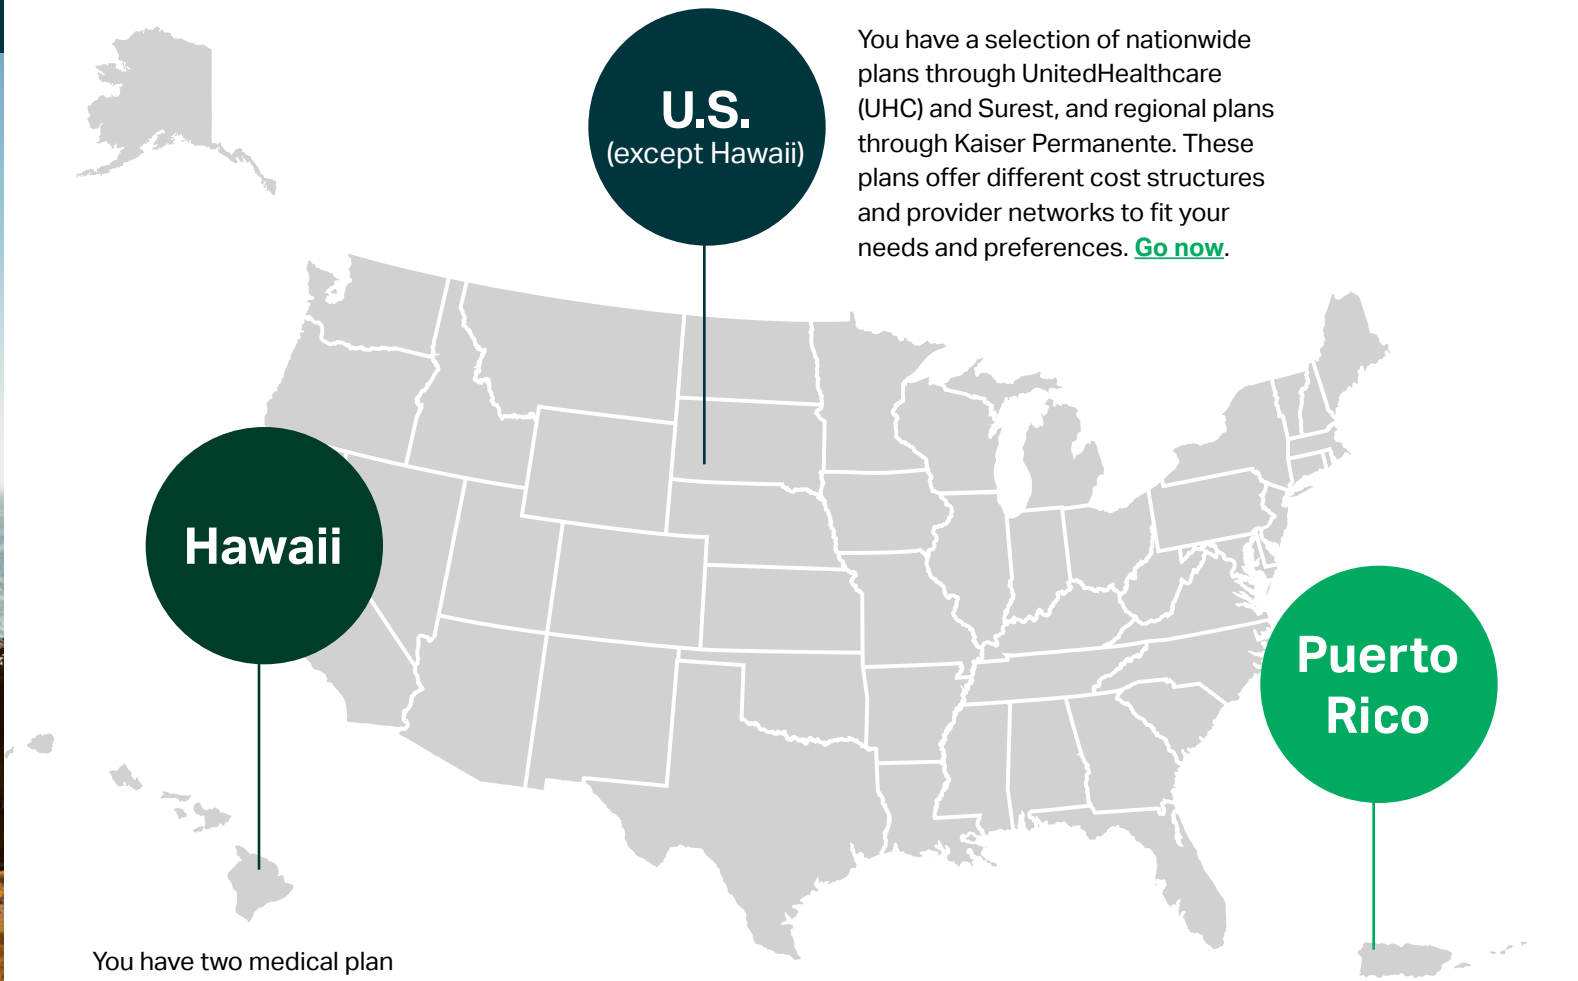

Additionally, current federal tax laws provide that if your domestic partner does not qualify as your tax-qualified dependent, then the cost of his or her medical, dental and vision plan coverage must be made on an after-tax basis. The same is true for any other covered dependents (for example, the children of your domestic partner) who do not qualify as your tax-qualified dependents. Therefore, the fair market value of your non-tax qualified dependents' health plan coverage is required to be added to your gross income and is subject to applicable federal and state income tax withholding and employment taxes. This additional income, called "**imputed income**," will be reported to the Internal Revenue Service (the "IRS") on your Form W-2 and will appear on each of your paychecks.

Medical Plans

AECOM offers a variety of medical plans to support your health and wellbeing, no matter where you live. Your options may differ depending on your location.

U.S. Medical Plans (except Hawaii)

You have four medical plan options through UHC:

HDHP	HDHP Premier	Traditional Plan	Surest
<ul style="list-style-type: none"> • High deductible health plan — allows you to contribute pre-tax dollars to a Health Savings Account (HSA) • Highest annual deductible and out-of-pocket maximum • Lowest employee contributions 	<ul style="list-style-type: none"> • High deductible health plan — allows you to contribute pre-tax dollars to a Health Savings Account (HSA) • Lower annual deductible and out-of-pocket maximum than the HDHP • Higher employee contributions than the HDHP 	<ul style="list-style-type: none"> • PPO plan that has both copays and coinsurance • Lower annual deductible than the HDHP and HDHP Premier • Highest employee contributions 	<ul style="list-style-type: none"> • PPO plan that does not have deductibles or coinsurance • Before you receive care, you will be able to see a list of treatment options, in-network doctors and your out-of-pocket costs for each — choose providers based on location and cost • Lower employee contributions than the Traditional Plan

Know your network: UHC and Surest medical options use the UHC Choice Plus network (Select Plus network in California). Visit the UHC and Surest [preview websites](#) to explore the unique features and services offered by each carrier.

New Health Support Programs

If you are enrolled in a UHC or Surest plan, Carrum Health and Color are available to support you and your family. These programs offer access to high-quality surgery care and expert cancer navigation and screening services.

U.S. Regional Medical Plans

If you live in these regions below, you have medical plan options through Kaiser Permanente, in addition to the four medical plan options through UHC:

- California
- Colorado
- Georgia
- Mid-Atlantic States (DC, Maryland, Virginia)
- Washington
- Northwest (Oregon and Southern Washington)

Receiving Medical Care

If you choose to enroll in one of the Kaiser Permanente plans, you must receive medical care from Kaiser Permanente facilities and providers. Out-of-network care is not covered — except in an emergency.

At-a-Glance Comparison: U.S. Regional Kaiser Permanente Medical Plans

Each region has three plan options: 4500 HDHP, 2500 HDHP⁴ and HMO. The annual deductible and out-of-pocket maximum are the same in each region.

Annual Deductibles and Out-of-Pocket Maximums

Traditional annual deductible:

- Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member.
- Charges for all other covered family members will continue to count toward the family deductible.
- Once the family deductible is met, your insurance will pay benefits for all covered family members.

Traditional out-of-pocket maximum:

- Once a covered family member meets the individual out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member.
- Charges for all covered family members will continue to count toward the family out-of-pocket maximum.
- Once the family out-of-pocket maximum is met, your insurance will pay the full cost of covered charges for all covered family members. The annual out-of-pocket maximum includes amounts paid toward your deductible.

Dental Plans

Two Dental Provider Organization (DPO) dental options are available through Delta Dental — a High plan and a Low plan. The High plan has a higher paycheck contribution, but offers:

- Orthodontia coverage
- Lower deductibles
- Higher benefit maximums
- Richer coverage for major services

You can visit Delta Dental PPO or Premier dentist or a non-Delta Dental dentist, but you save money when you visit dentists in the DPO network, because these dentists agree to the contracted rates.

Note: Puerto Rico employees have dental coverage through the [Puerto Rico Medical Plans](#).

Health Savings Account (HSA)

If you're enrolled in a High Deductible Health Plan (HDHP) medical plan, you can contribute pre-tax dollars to a Health Savings Account (HSA) administered by Bank of America Merrill Lynch and use it to pay for [eligible health care expenses](#) — now or in the future.

3 Ways to Use Your HSA to Pay for Expenses

Use your HSA debit card.

Pay for your expenses up front and pay yourself back from your HSA.

Pay your provider directly through Bank of America Merrill Lynch.

Your contributions: For 2026, you can save up to \$4,400 if you're covering just yourself, or \$8,750 if you're covering yourself and family. If you're age 55 or older (or will turn age 55 during the plan year), you can also make additional before-tax "catch-up" contributions to your HSA up to \$1,000.

Investing Your HSA: Once your HSA cash balance reaches \$1,000, you can invest any portion of the balance above \$1,000 in select mutual funds. Set up your investments at benefits.ml.com.

5 Reasons Why You Should Consider Contributing to an HSA

1. You can contribute through convenient payroll deductions.
2. Your contributions are tax-free, which may lower the amount you pay in federal taxes.
3. You can use your money at any time. Any unused funds in your HSA roll over from year to year — you don't lose that unused money as you do with a Flexible Spending Account (FSA).
4. You own your HSA, which means you can take unused HSA dollars with you if you leave AECOM.
5. You can use your HSA to save for the future, making it a smart tool to help save for medical costs during retirement.

Review the [HSA User's Guide](#) to understand how to grow your HSA, access funds online and more. See [Understanding HSAs and FSAs](#) and visit the [HSA and FSA online education center](#) for additional information.

Flexible Spending Accounts (FSAs)

Flexible Spending Accounts (FSAs)⁵ allow you to set aside pre-tax dollars to lower your taxable income for the year and save money on eligible expenses.

Health Care FSA

A Health Care FSA allows you to set aside pre-tax dollars from your pay to reimburse yourself for qualified medical, dental and vision expenses.

For 2026, the IRS has set the Health Care FSA contribution limit at \$3,300. The IRS may announce an updated limit by December 31, 2025. During Benefits Open Enrollment, you'll have the option to select to automatically adjust your contribution if the limit increases. Once you enroll and set your annual contribution, you cannot change that amount during the year, unless you have a qualifying life event. Unused funds are forfeited at the end of each year, so carefully estimate your eligible expenses for the coming year.

Limited Purpose Health Care FSA

If you enroll in a High Deductible Health Plan (HDHP), you can enroll in an HSA, a Health Care FSA, or both an HSA and a Limited Purpose Health Care FSA. If you contribute to an:

HSA or Health Care FSA	HSA and Limited Purpose Health Care FSA
You can use your HSA or Health Care FSA account to pay for qualified medical, dental, and vision expenses.	Your Health Care FSA will be "limited purpose" and can only be used to pay for qualified dental and vision expenses. Your HSA can be used for qualified medical, dental, and vision expenses.

Dependent Day Care FSA

You can use a Dependent Day Care FSA to reimburse yourself for qualified child and dependent care expenses.

Eligible dependents include:

- Children under age 13
- Spouse or other dependent of any age who is physically or mentally unable to care for himself or herself and satisfies certain other requirements

The Dependent Day Care FSA contribution limit is \$5,000 (or \$2,500 if you are married and filing taxes separately) for 2026. Once you set your annual contribution when you enroll, you cannot change that amount during the year unless you have a qualifying life event. You lose any unused money at the end of the year.

⁵ FSA plans are not available in Puerto Rico.

HSA vs FSAs: Know the Differences

The HSA and FSAs can help you save money on eligible expenses, but they work differently. Take a look at [Understanding the Difference Between a Health Savings Account \(HSA\) and a Flexible Spending Account \(FSA\)](#) to see the key differences, including who's eligible, how the funds work, and which expenses are covered. Understanding how these accounts work can help you make the best choice.

Hawaii Medical Plans

You have two medical plan options:

HMSA Hawaii

A comprehensive medical PPO option with a deductible and separate medical and prescription drug out-of-pocket maximums.

Kaiser Permanente Hawaii

An HMO option that covers in-network and out-of-network care and has a deductible and prescription drug copays for most medications.

Don't need medical coverage?

If you elect "no medical coverage" for next year, the state of Hawaii requires that you complete and submit a Hawaii medical coverage waiver form (HC-5). A copy of this form will be sent to you through the U.S. mail. By completing this form, you claim to be exempt from coverage requirements under the Prepaid Health Care Act. If you do not complete the HC-5 form, you will be enrolled in medical coverage under the Kaiser Permanente Hawaii plan until the AECOM Benefits Service Center receives the form.

Tier 4: Specialty drugs	You pay \$100	You pay \$35
90-day mail-order supply		
Tier 1: Generally lowest cost option	You pay \$11	You pay \$20
Tier 2: Generally medium cost option	You pay \$65	You pay \$70
Tier 3: Generally highest cost option	You pay \$65 plus \$135 cost share	You pay \$70
Out-of-network/non-contracted pharmacies are not covered.		

Annual Deductibles and Out-of-Pocket Maximums

The Hawaii HMSA plan has a traditional annual deductible:

- Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member.
- Charges for all other covered family members will continue to count toward the family deductible.
- Once the family deductible is met, your insurance will pay benefits for all covered family members.

Traditional out-of-pocket maximum:

- Once a covered family member meets the individual out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member.
- Charges for all covered family members will continue to count toward the family out-of-pocket maximum.

Once the family out-of-pocket maximum is met, your insurance will pay the full cost of covered charges for all covered family members.

Separate Prescription Drug Out-of-Pocket Maximum

The HMSA Hawaii plan has a separate and additional out-of-pocket maximum for prescription drugs — this means medication costs do not count toward the medical out-of-pocket maximum (and vice versa).

Life, AD&D and Disability

Life and Accidental Death and Dismemberment (AD&D) Insurance

Life and accidental death and dismemberment (AD&D)

insurance protect your income if something happens to you. AECOM automatically provides basic coverage for you free of charge.

If you decide your family needs more protection, you can buy additional supplemental coverage for yourself and your dependents. Evidence of Insurability (EOI) forms may be required for employee and spouse/domestic partner supplemental life insurance. Full coverage won't take effect until the carrier approves the EOI.

Changes at ages 65 and 70:

Life insurance decreases at ages 65 and 70. The original amount of basic life insurance for you and your spouse/domestic partner's supplemental life insurance benefit will reduce by 35% when you or your spouse/domestic partner turns age 65. At age 70, the original benefit will reduce by 50%. All amounts are rounded to the next higher \$1,000.

Imputed Income

Federal tax law requires you to pay taxes on the cost of basic life insurance coverage over \$50,000. This is called "imputed income" and will be added to your gross taxable income. It will be included on your paychecks and on your Form W-2 each year. The amount of imputed income is based on your age and coverage amount.

Puerto Rico Employees:

If you are enrolled in Triple-S medical, you have a life insurance benefit of \$10,000 through Triple-S.

Disability Insurance

Short-term disability (STD) and Long-term disability (LTD) protect your income in the event you are disabled and unable to work. AECOM provides basic STD coverage at no cost. If you want LTD coverage, you can enroll in core or buy-up LTD coverage.

Short-Term Disability

If you have a qualifying disability, benefits begin after 7 consecutive days and may continue up to 26 weeks from the date of disability.

The STD benefit provides 100% of your base weekly earnings for up to 6 weeks.

After 6 weeks, the STD benefit provides 66.67% of your base weekly earnings for the remainder of the approved STD period.

Core LTD

Pays 60% of your base annual pay, up to \$15,000 per month.

LTD benefits begin after 180 days and may be payable up to your Social Security normal retirement age.

Buy-Up LTD

Pays 66.67% of your base annual pay, up to \$15,000 per month.

LTD benefits begin after 180 days and may be payable up to your Social Security normal retirement age.

Voluntary Benefit Plans⁶

Accident Insurance

Accident Insurance pays you benefits for specific injuries and events resulting from a covered accident. Accident Insurance is a limited benefit policy — it is not health insurance. Benefits will be paid directly to you to use for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles and more — it's up to you. Below are some of the injuries and treatments that are covered. Review the [benefits highlights](#) for the complete list of covered injuries and treatments.
